Aimee Goseland, FNP-C  
Esther Hehn, DNP, AGPCNP-BC  
Mariah McGaffey, PA-C  
Heidi Ogletree, MSN, NP-C

February 17, 2020

Dear Patient,

As of March 22, 2020, Hematology Oncology Associates, PC will not have a physical presence at Providence Medford Medical Center (PMMC) and will no longer have staff privileges.

Unfortunately, this means that we are unable to supervise chemotherapy administration for those who might want to be treated at PMMC. We will continue to work with Asante to provide infusion services and will work to transition your care there if you desire. We will also help to facilitate a referral to another oncology care team if you wish.

If you have any questions, please speak with your provider.

Sincerely,

Hematology Oncology Associates, PC
